a very gratifying day at Forest City; even though I prefer more interaction with the students in a classroom-type setting and even though I prefer to deal with older kids than I dealt with today (mostly 7-8-9th graders, it would appear). At one point after lunch, Glen Harte came up to me and said: "do you know Laurie Powell?" SLP: "Yes, she's my niece." Glen Harte: "I'm her boyfriend." I immediately focused a lot of energy on him and he glowed in all the attention. He is a terrific guy. He and Laura are a perfect match: all-American kids. We talked for about 5 minutes and then he went back to his study hall. I ran into him later in the day in the hall and he went out of his way to plow through the multitudes to say hello and, of course, make a special point of publicly saying hello to him. No principal and the teachers were very friendly — Lou Zefran, the principal, came by several times & asked: "How's it going?" "Just fine, thank you," said SLP. David St. Ledger came by during the 7th period & we had a 30-minute chat. I had late bus duty at the end of the day — which means that I had to watch the kids & make sure that they were orderly as they got on the bus. No problems. Returned to 190 & then rested & changed and went into town. Called JVB at 6:15 PM went to 46 Conasen and John & I put the woodburning stove & 55-gallon drum for kerosene & a tent into the back of Connie's truck & Connie & Jack & Kathy came up in the truck with my various, on loan, winter heating system. John & I followed in the car. The tent is now up and I'm sure that that will be a perfect solution to cold weather. I shall just put the oil filled radiator therein & be as snug as the proverbial bug in the rug. No wood burning stove has not yet been connected. JVB went into town with his family. We have an executive committee meeting of the CHS & M. C. Sav at 9 hours in 301.
